Another World

You are on another planet. Where is this planet? Who is on this planet?

Write a setting description describing all the things you see whilst travelling through this unknown planet.

Odds and evens

You need 13 counters or coins.

Draw a 5 by 5 grid.

Put counters on it.

You can put only one counter in each space.

1. Place 13 counters.

Get an **odd** number of them in each row and column and the two main diagonals.

2. Place 10 counters.

Get an **even** number of them in each row and column and the two main diagonals.
